

MyAdmin Services

Not everyone likes, or can do, basic administrative services for any software package. So, Contact Science offers MyAdmin Services at an hourly fee. We are quick, good and affordable.

For MyKlpz customers, there are a number of services offered at no charge. The following MyAdmin Services are available to MyKlpz customers for free.

To request services that carry a fee, MyKlpz or Klpz Corporate customers must purchase at least one hour of MyAdmin Services in advance at \$40 per hour.

MyAdmin Services are billed by the minute.

The estimated cost of any service will be provided in advance, upon request. For instance,

- As a general rule, a well formatted list can be imported in 15 minutes or less for a fee of \$10.
- To add or edit the messaging in a voicemail or email may take 5 to 7 minutes per message, so a change to three pairs of messages could run 30 to 45 minutes for a fee of \$20 to \$30 dollars.

MyAdmin Services fees will be billed against your balance. When your balance is depleted, with your permission, your credit card can be invoiced automatically for another package of the original increment.

Any unused MyAdmin Services time will be refunded to your credit card within 30 days of termination of service.
